VISION AND MISSION

OUR VISION

To be and to nurture a dynamic community of professional teachers, leaders and scholars in Education committed to co-creating a vibrant, socially-just and democratic society.

OUR MISSION

A Faculty committed to cultivating passionate, engaged, knowledgeable, effective and compassionate teachers, researchers and leaders who are critical thinkers and agents of hope and transformation.

Through:

- practising humanising pedagogies;
- establishing collaborative partnerships with relevant stakeholders, particularly students, schools, communities, alumni and governments;
- using future-oriented technologies creatively, and
- bringing the classroom into the world and the world into the classroom.

The Faculty of Education comprises of the following Departments:

- Primary School Education Department: Foundation Phase
- Primary School Education Department: Intermediate Phase
- Secondary School Education Department
- Post Graduate Studies Department
- Post Schooling Department

GENERAL INFORMATION AND REGULATIONS

Every student of this faculty is bound by the rules contained in this document and in addition by the Nelson Mandela University's regulations as contained in the General Prospectus and all relevant policies. It is the responsibility of every student to acquaint him/herself with the contents of the relevant rules and policies.

GENERAL ADMISSION REQUIREMENTS (UNDERGRADUATE)

The admissions requirements for undergraduate programmes offered by Nelson Mandela University consist of:

- the statutory minimum requirements based on the National Senior Certificate (NSC), or equivalent school-leaving certificate;
- the Applicant Score (AS), a composite score based on school subject achievement; and
- specific school subject and other requirements (e.g., departmental selection, portfolios, interviews)

These requirements are relevant for the following local and international qualifications: NSC, Senior Certificate, Cambridge qualifications, International Baccalaureate, Namibian and Kenyan Senior Secondary Certificates, and the NC(V) 4.

NSC MINIMUM STATUTORY ENTRY REQUIREMENT

Qualification Minimum Statutory Entry Requirement:

Currently the statutory requirement for admission to a higher certificate, diploma or degree programme is a National Senior Certificate with the appropriate endorsement as well as the minimum language of teaching and learning requirement of the Higher Education Institution.

| Qualification | Minimum Statutory entry requirement |
|--------------------|--|
| Higher Certificate | Pass the NSC, with a minimum of 30% in the language of learning and teaching of the higher education institution, together with any other university requirements. |
| Diploma | Pass the NSC with a minimum of 30% in the language of learning and teaching of the higher education institution, coupled with an achievement rating of 3 (40–49%) or better in four recognised NSC 20-credit subjects, together with any other university requirements |
| Bachelor's Degree | Pass the NSC with a minimum of 30% in the language of learning and teaching of the higher education institution, coupled with an achievement rating of 4 (50–59%) or better in four NSC 20-credit subjects together with any other university requirements. |

NC(V)4 applicants must meet the minimum requirements for higher certificate, diploma or degree entry as well as the AS and subject admission requirements.

Applicants with **alternate**, **international** or **foreign** qualifications must satisfy the requirements laid down by the Matriculation Board to qualify for a certificate of exemption for a particular alternate, international or foreign school-leaving qualification. These requirements are contained in Government Gazette No. 31674, 5 December 2008 and can be found on the HESA website <u>http://www.hesa-enrol.ac.za/mb/forpres.htm</u>. Applications for such certificates must be made to the Matriculation board directly: <u>https://mb.usaf.ac.za/</u>

THE APPLICANT SCORE (AS)

For **NSC** applicants with seven Grade 12 subjects, the AS is calculated by adding the percentages for the six 20-credit subjects (**Note** that the Life Orientation percentage is not included as it is a 10-credit subject). This gives a score out of 600.

For those applicants taking **eight or more** subjects the AS is calculated as follows:

- add the percentages obtained for the three compulsory / fundamental subjects (the two languages and Mathematics or Mathematical Literacy),
- plus the percentage(s) for any subject(s) required by the programme,
- together with the percentage(s) for the next best / highest subject(s), to a maximum of six subjects.

For those applicants from Quintile 1 to 3 schools who attain 50% or higher for Life Orientation, 7 points are added to their score out of 600 to arrive at their final AS.

The table below provides an example of how to calculate the AS for:

- **Applicant 1** has 7 NSC Grade 12 subjects and is applying for a programme with Life Science and Physical Science as required subjects; and
- **Applicant 2** who is applying for the same programme, but who took 8 subjects in Grade 12.
- **Applicant 3** who is applying for the same programme, but who is from a Quintile 1 school.

| NSC Subject | Appli | icant 1 | Appli | cant 2 | Applicant 3 from Quintile 1 school | | |
|---------------------------|---------------|----------------------------------|---------------|-------------------------------------|--|-------------------------------------|--|
| | % obtained | % used to calculate the AS | % obtained | % used to calculate the AS | % obtained | % used to calculate the AS | |
| isiXhosa Home Language | 78 | 78 | 78 | 78 | 78 | 78 | |
| English 1st Additional | 60 | 60 | 60 | 60 | 60 | 60 | |
| Mathematics | 65 | 65 | 65 | 65 | 65 | 65 | |
| Life Science | 62 | 62 | 62 | 62 | 62 | 62 | |
| Physical Science | 50 | 50 | 50 | 50 | 50 | 50 | |
| History | - | - | 60 | 60 | 60 | - | |
| Geography | 55 | 55 | 55 | - | 55 | 55 | |
| Life Orientation | 88 | - | 88 | - | 88 LO>50% | 7 | |
| APPLICANT SCORE (AS) | | <u>370</u> | | <u>375</u> | | <u>377</u> | |

For **South African and International applicants with International, NC(V) 4 or Foreign School-Leaving certificates**, use the table below to calculate an equivalent Applicant Score (AS) for admission, based on percentages obtained in such certificates.

Applicants will have to comply with the minimum Applicant Score (AS) set for the Undergraduate qualification they wish to apply for, as well as meet any other additional subject requirements directly.

The Applicant Score (AS) uses the symbols/achievement rating/percentages obtained in an applicant's school-leaving examinations in order to convert them to an equivalent achievement standard on the National Senior Certificate (NSC). The AS is calculated using six subjects, which must include the language(s), and subject requirements for admission, but excluding Life Orientation.

| Subject % to use when calculating the Applicant Score | Senior Cert HG | Senior Cert SG | HIGCSE NSSC HL | IC SSS OL | O-LEVEL | AS | A-LEVEL | IB HL | IB SL | KCSE | NC(V)4 Fundamental | NC(V)4 Vocational |

SCHOOL SUBJECT AND OTHER REQUIREMENTS

The Undergraduate Programmes General Information & Admissions Requirements Guide, University website or Faculty Prospectus provides information on the required subjects and what the minimum AS required for admission is for each undergraduate programme offered by Nelson Mandela University

Candidates who satisfy the minimum requirements and who apply online before the official early closing date (August 3) are given preference.

Applications will be considered until the 30th of September.

Applicants who apply in January will have to apply through Central Application Service Hub (CASH).

Final acceptance is based on official final school-leaving results. Applicants currently at school receive provisional, subject to submission of final results.

NATIONAL BENCHMARK TEST (NBT)

Generally, most programmes offered at the Nelson Mandela University do not require applicants to write the National Benchmark Test (NBT). However, there are a very small number of qualifications which require NBT results. If under the requirements of the programme you are interested in, states that NBT results are required, please consult the NBT website (https://www.nbt.ac.za) to book a test date. Applicants interested in programmes requiring NBT results are encouraged to book and write these tests as early as possible. A reference letter from the University is not required.

GENERAL ADMISSION REQUIREMENTS (POSTGRADUATE)

LEVELS AND TYPES OF POSTGRADUATE STUDY

Postgraduate qualifications are structured as follows:

- Postgraduate certificate or diploma
- Bachelor honours degree
- Master's degree
- Doctoral degree

A **<u>postgraduate certificate or diploma</u>** provides an opportunity to undertake advanced study that will strengthen and deepen your knowledge in a particular discipline or profession. Completion of the qualification gives graduates access to a related master's degree programme. The programmes consist mainly of coursework modules and may include conducting and reporting research under supervision.

Duration of study: one year full-time

The bachelor **honours degree** is the initial postgraduate specialisation qualification, preparing students for research-based postgraduate study. This qualification typically follows a bachelor's degree, and serves to consolidate and deepen the student's experience in a particular discipline, and to develop research capacity in the methodology and techniques of that discipline. It demands a high level of theoretical engagement and intellectual independence. In some cases a bachelor honours degree carries recognition by an appropriate professional or statuary body. Bachelor honours degree programmes usually include conducting and reporting research under supervision, in a manner that is appropriate to the discipline or field of study. Not all honours programmes at Nelson Mandela University involve conducting research, but all of them include a research methodology course as part of the coursework component. Completion of a bachelor honours degree meets the minimum entry requirement of admission to a cognate Master's degree. Entry into a master's degree programme is usually in the area of specialisation of the bachelor honours degree. A qualification may not be awarded for early exit from a bachelor honours degree.

Bachelor honours programmes usually take one year of full-time study.

A <u>master's degree</u> may be earned in one of two ways: (i) by completing a single advanced research project, culminating in the production and acceptance of a dissertation, or (ii) by successfully completing a coursework programme and a smaller applied research component. The admission requirement is a relevant honours degree. Professional or advanced careerfocused bachelor's degrees, such as BEng, BPharm, BCur, BPsych and BTech, may also be recognised as the minimum entry requirement to a related master's degree programme. Duration of study: Coursework master's degree: one year full- time. Research master's degree: one year to 4 years.

A <u>doctoral degree</u> requires a candidate to undertake research at the most advanced academic level, culminating in the production of a thesis. The research outcome has to make a significant and original academic contribution to a discipline or field. The degree may be earned through pure discipline based on multi- disciplinary or applied research. The degree may include a coursework component as preparation to the research, but does not contribute to the credit value of the qualification. Duration of study: 2 to 6 years

RE-ADMISSION REQUIREMENTS (UNDERGRADUATE PROGRAMMES)

Once a student has been admitted to a programme and studies have commenced, it is expected that reasonable **academic progress** will take place every year. However, in reality some students do not live up to this expectation and the University is then obliged to deal with that situation. The outcome may be that such students would have to terminate their studies. To deal with situations like this the University has adopted a Policy on re-admission to Undergraduate Programmes and each faculty has formulated specific re-admission rules applicable to the programmes offered by that faculty.

When considering a student's re-admission status, the **period of study** will influence the outcome of the decision. A minimum and maximum period of study has been determined for each programme (please consult the General Prospectus for details). In the event that a student has reached the end of the prescribed maximum period of study, the student will only be readmitted under special circumstances (e.g. when the student, with due consideration of his/her academic record, is likely to complete his/her qualification by the end of the following year). Re-admission requirements are, where applicable, also reflected as part of the qualification specific requirements in addition to the general requirements reflected here.

In order to be re-admitted to a programme, a student needs to have accumulated a minimum number of credits at the end of each year of study. The relevant number of credits for each programme is indicated in a table published with each programme under the heading re-admission *RULES*. If the required number of credits has not been achieved, the student may either be re-admitted subject to certain conditions or be refused re-admission.

In the event of refusal a student may lodge an appeal in terms of the prescribed procedure outlined in the General Prospectus.

Process to determine if re-admission requirements have been met:

The following process will be followed to determine whether a student has met the re-admission requirements:

- At the end of each year Faculty Administration reviews students' progress and simultaneously identifies those students who have not met the required re-admission requirements. Heads of Programmes, in consultation with Faculty Administration, finalise the list of students who have not met the re-admission requirements;
- Faculty Administration informs students accordingly, in writing, and copies of the letters are placed on the students' records;
- Students who have been refused re-admission have one further opportunity to apply for enrolment in an alternative programme via the Faculty Administration Office; and
- Students who have been denied re-admission have the right to appeal against the decision in terms of the prescribed procedure (refer to the Nelson Mandela University General Prospectus).

REVIEW OF ACADEMIC PROGRESS AND ACADEMIC SUPPORT

The faculty monitors the academic progress of students throughout the semester, especially after each examination period (June and November). The students may be requested to consult with the Head of Programme whereby any problems that they are experiencing could be identified and discussed, where possible.

For full-time BEd students the Faculty has appointed an Education Access and Retention Officer (EAR-O). This person sources academic support assistance from other departments to ensure support, at an early stage, to potentially 'at risk' students. These interventions may include referrals for Guidance and Counselling, Learning Skills Enhancement Programmes, or interventions like Tutorials or Supplemental Instruction. The students will also be requested to have regular meetings with the EAR-O whereby any problems that they are experiencing could be identified and discussed. At these meetings other professional support services would also be present.

A detailed report is then submitted to the Head of the Programme and the Director of the School for action. A final report is submitted to the Teaching and Learning Committee. The report includes proposed actions to be put in place for the modules where a low pass rate was obtained.

Students whose progress is deemed unsatisfactory will receive either warning/ conditional letters or be denied re-admission to the programme, in accordance with the approved re-admission rules. Copies of the letters will be put on their student records.

MAXIMUM PERIOD OF STUDY

Unless Senate approves a different rule for a specific qualification or programme, the maximum period of study for the following qualifications or programmes is as follows:

- BEd in Foundation Phase: Six (6) years
- BEd in Intermediate Phase: Six (6) years
- BEd in Senior & FET Phase: Six (6) years
- Advanced Diploma in TVT: Full-time Three (3) years; Part-time Four (4) years
- Postgraduate Certificate in Education in Senior & FET Phase: Full-time Three (3) years; Part-time – Four (4) years
- Postgraduate Diploma in Education: Part-time Four (4) years
- BEd Honours: Part-time Four (4) years
- MEd Research: Full-time Three (3) years; Part-time Four (4)
- PhD in Education: Full-time Four (4) years; Part-time Six (6) years

EXPERIENTIAL LEARNING REQUIREMENTS

School-Based Learning (Teaching Practice)

Formal teaching practice at schools in the Nelson Mandela Metropole of at least 28 weeks' duration must be completed. In addition, students will be required to do 2 to 4 weeks observational teaching.

The University is not responsible for transportation and subsistence costs incurred during periods of teaching practice in schools. Candidates, who have not attained a satisfactory standard in teaching practice, shall again register at the University in order either to attend a prescribed programme at local schools or to teach as an unqualified teacher for such a period as Senate may determine, after which they shall again be examined.

STATEMENT ON THE UNIVERSITY'S INTERVENTION IN THE EVENT OF POSSIBLE DISRUPTIONS TO ACADEMIC ACTIVITIES

From past experience the University knows that circumstances beyond our control may disrupt our academic activities. The University therefore reserves the right to implement certain emergency measures when deemed necessary to manage such situations. Please note that the University shall not be held liable for any inconvenience, damage or other negative consequence resulting from the implementation of such emergency measures.

BOARD OF FACULTY AND FACULTY MANAGEMENT COMMITTEE

The Board of Faculty consists of all academic staff in the Faculty, a student representative from each instructional programme and a student representative of the SRC for the faculty.

The Faculty Management Committee consists of the Dean, Deputy Dean, Heads of Programmes, the Operations Manager, Director of the Centre for the Community School, the Education Access and Retention Officer and the Chairperson of the Admin Forum and acts as the management committee of the Board of Faculty.

BACHELOR DEGREES

BACHELOR OF EDUCATION IN FOUNDATION PHASE TEACHING

| Qualification code: | 30151 |
|--------------------------------------|-----------------------------------|
| Offering: | Full-time Missionvale Campus (V1) |
| Aligned NQF Level: | 7 |
| SAQA ID: | 101568 |
| Total NQF Credits for qualification: | 492 |

THE PURPOSE OF THE LEARNING PROGRAMME

This programme has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The programme aims to provide student teachers with the required knowledge, understanding and skills to enhance teaching and learning in all Foundation Phase subjects (Languages, Mathematics and Life Skills), from Grade R to Grade 3. Hence, the Exit Level Outcomes and the associated assessment criteria are designed to prepare students for a high level of theoretical engagement and intellectual independence that will enable them to engage successfully with issues and challenges in school.

The BEd (FP) students should, at the exit level of the programme, embody the following Exit Level Outcomes:

- Critically engage with theoretical knowledge related to educational philosophy, sociology, history, psychology, politics and economics from an educational perspective.
- Demonstrate the ability to select, organise, design, plan and implement systematic and effective teaching, learning and assessment in different educational context to respond to diverse learner needs.
- Demonstrate the ability to coherently integrate educational theory, pedagogical content knowledge and subject discipline knowledge in praxis.
- Demonstrate the ability to teach effectively in English and Afrikaans or isiXhosa as Language of Learning and Teaching [LOLT].
- Demonstrate conversational competence in isiXhosa and Afrikaans
- Demonstrate the ability to mediate learning through developing numeracy, literacy and information technology skills.
- Demonstrate sound subject knowledge in Language, Numeracy and Life Skills

The BEd (FP) articulates with related qualifications as follows:

• <u>Horizontally</u>: On successful completion of the Bachelor of Education in Foundation Phase Teaching, graduates will be eligible to enrol for the ACT (level 6) or ADE (Level 7), should they wish to further strengthen and enhance their existing specialisation or want to develop a new role of practice to support teaching and learning in a school or in education more broadly.

 <u>Vertically</u>: On successful completion of the BEd FP, graduates will be eligible to apply for admission to the BEd Hons or Postgraduate Diploma in Education (Level 8).

ADMISSION REQUIREMENTS

- Minimum NSC statutory requirements for degree entry must be met.
- An applicant with NSC Grade 12 Mathematics requires a minimum Applicant Score of 350.
- An applicant with NSC Grade 12 Mathematical Literacy or Technical Mathematics requires a minimum Applicant Score of 365.
- NSC achievement rating of at least 45% for Mathematics or 60% for Mathematical Literacy or Technical Mathematics.
- NSC achievement rating of at least 50% for English (Home Language or First Additional Language) AND 50% for Afrikaans or isiXhosa (Home Language or First Additional Language).

SELECTION PROCEDURE

Final admission into the programme may be subject to an admission interview in the following cases:

- Where applicants currently enrolled for a particular degree programme want to enrol for the B Ed FP programme.
- Mature students who did not matriculate in the past 5 years.

RE-ADMISSION REQUIREMENTS

In order to be re-admitted to any of the B Ed programmes, a student needs to have accumulated a minimum number of credits at the end of each year of study, as indicated in the table below. If that has not been achieved, the student may either be re-admitted subject to certain conditions or be refused re-admission.

| Period of | 4-year Programme (480+ credits) | | | | |
|---------------|---------------------------------|------------------------------|--|--|--|
| Registration | Continue studies | Conditional re- admission | No re-admission | | |
| After 1 year | 80+ credits | Less than 80 credits | Not applicable | | |
| After 2 years | 160+ credits | 120 – 159 credits | Less than 120 credits | | |
| After 3 years | 240+ credits | 200 – 239 credits | Less than 200 credits | | |
| After 4 years | 320+ credits | 280 – 319 credits | Less than 280 credits | | |
| After 5 years | 400+ credits | 360 – 399 credits | Less than 360 credits | | |
| After 6 years | | | Less than all credits; final year students may be considered if special circumstances exist | | |

<u>Note:</u> Students must first register for the failed modules and then for new modules up to a maximum of 130 credits.

STATUTARY AND OTHER REQUIRMENTS

The degree shall be obtained by completing the qualification as prescribed by Senate. Unless Senate decides otherwise, the degree shall be awarded *cum laude* if the requirements set out in the General Prospectus have been met.

Class mark:

In order to be admitted to an examination in a module offered in the Faculty of Education, a student must obtain a class (year) mark of at least 40%.

Language Endorsement:

All students should be proficient in the use of *at least one* official language as a Language of Learning and Teaching (LoLT), and partially proficient (i.e. sufficient for purposes of ordinary conversation) in *at least one* other official language. In the case of students whose language of choice (or first language) is English or Afrikaans, the conversational language needs to be one of the nine other official languages or South African Sign Language. All Initial Teacher Education qualifications will be endorsed to indicate the holder's level of competence. It may be possible for qualifications to be endorsed with more than one LoLT and more than one conversational language.

Teaching practice:

| | School-Based Learning (SBL) for B Ed degrees | | | | | | | |

| | Starting as beginner teacher: | Becoming a student teacher: | Being a student teacher: | Belonging to a community of practice: | | | | |
| FP | Micro-teaching: view video-taped lessons Students to visit ECD centres or Grade R classes in hometown – different contexts to be visited | 20 Days 1 day per week for 10 weeks in 1st semester 1 day per week for 10 weeks in 2nd semester | 20 Days 2 days per week for 5 weeks in Term 2 days per week for 5 weeks in Term 3 | 72 Days 3 days per week for 12 weeks in 1st semester 3 days per week for 12 weeks in 2nd semester | | | | |

For their first year observation, FP students will be required to visit Early Childhood centres or Grade R classes.

DURATION

The qualification shall extend over four years of full-time study.

Maximum Period of Study:

The maximum period of study allowed for full-time study will be six (6) years.

BACHELOR OF EDUCATION IN INTERMEDIATE PHASE TEACHING

| Qualification code: | 30152 |
|--------------------------------------|-----------------------------|
| Offering: | Full-time South Campus (A1) |
| Aligned NQF Level: | 7 |
| SAQA ID: | 101811 |
| Total NQF Credits for qualification: | 498 |

THE PURPOSE OF THE LEARNING PROGRAMME

This programme has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The B Ed Intermediate Phase programme aims to develop graduates as competent, professional teachers able and committed to the enhancement of education in diverse schools in South Africa and beyond. As such the programme aims to provide student teachers with the required knowledge, understanding and skills to enhance teaching and learning in all the Intermediate Phase subjects (Languages, Mathematics, Life Skills, Natural Science and Technology, Arts and Culture, Social Sciences and Economic Management Sciences). The Exit Level Outcomes and the associated assessment criteria are designed to engage with the teacher competencies provided by the Department of Education in the MRTEQ.

The BEd (IP) students should, at the exit level of the programme, embody the following Exit Level Outcomes:

- Critically engage with theoretical knowledge related to educational philosophy, sociology, history, psychology, politics and economics from an educational perspective.
- Demonstrate the ability to select, organise, design, plan and implement systematic and effective teaching, learning and assessment in different educational context to respond to diverse learner needs.
- Demonstrate the ability to coherently integrate educational theory, pedagogical content knowledge and subject discipline knowledge in praxis.
- Demonstrate the ability to teach effectively in English and Afrikaans or isiXhosa as Language of Learning and Teaching [LOLT].
- Demonstrate conversational competence in Afrikaans and isiXhosa.
- Demonstrate the ability to mediate learning through developing numeracy, literacy and information technology skills.
- Demonstrate sound subject knowledge in Intermediate phase subjects (Languages, Mathematics, Natural Science and Technology, Social Sciences, Life Skills, Arts and Culture and to a lesser degree Economic Management Sciences).

The BEd (IP) programme articulates with related qualifications as follows:

- <u>Horizontally</u>: On successful completion of the BEd (IP) programme, graduates will be eligible to enroll for the ADE (Level 7) or ACT (Level 6), should they wish to further strengthen and enhance their existing specialization or want to develop a new role of practice to support teaching and learning in a school or in education more broadly.
- <u>Vertically:</u> On successful completion of the BEd (IP), graduates will be eligible to apply for admission to the B Ed Hons or Postgraduate Diploma (in Education).

ADMISSION REQUIREMENTS

- Minimum NSC statutory requirements for degree entry must be met.
- An applicant with NSC Grade 12 Mathematics requires a minimum Applicant Score of 370.
- An applicant with NSC Grade 12 Mathematical Literacy or Technical Mathematics requires a minimum Applicant Score of 385.
- NSC achievement rating of at least 45% for Mathematics or 60% for Mathematical Literacy or Technical Mathematics.
- NSC achievement rating of at least 50% for English (Home Language or First Additional Language) AND 50% for Afrikaans or isiXhosa (Home Language or First Additional Language).

SELECTION PROCEDURE

Final admission into the programme may be subject to an admission interview in the following cases:

- Where applicants currently enrolled for a particular degree programme want to enrol for the B Ed Intermediate Phase programme.
- Mature students who did not matriculate in the past 5 years.

RE-ADMISSION REQUIREMENTS

In order to be re-admitted to any of the B Ed programmes, a student needs to have accumulated a minimum number of credits at the end of each year of study, as indicated in the table below. If that has not been achieved, the student may either be re-admitted subject to certain conditions or be refused re-admission.

| Period of | 4-year Programme (480+ credits) | | | | |
|---------------|---------------------------------|------------------------------|--|--|--|
| Registration | Continue studies | Conditional re- admission | No re-admission | | |
| After 1 year | 80+ credits | Less than 80 credits | Not applicable | | |
| After 2 years | 160+ credits | 120 – 159 credits | Less than 120 credits | | |
| After 3 years | 240+ credits | 200 – 239 credits | Less than 200 credits | | |
| After 4 years | 320+ credits | 280 – 319 credits | Less than 280 credits | | |
| After 5 years | 400+ credits | 360 – 399 credits | Less than 360 credits | | |
| After 6 years | | | Less than all credits; final year students may be considered if special circumstances exist | | |

<u>Note:</u> Students must first register for the failed modules and then for new modules up to a maximum of 130 credits.

STATUTARY AND OTHER REQUIREMENTS

The degree shall be obtained by completing the qualification as prescribed by Senate. Unless Senate decides otherwise, the degree shall be awarded *cum laude* if the requirements set out in the General Prospectus have been met.

Class mark:

In order to be admitted to an examination in a module offered in the Faculty of Education, a student must obtain a class (year) mark of at least 40%.

Language Endorsement:

All students should be proficient in the use of *at least one* official language as a Language of Learning and Teaching (LoLT), and partially proficient (i.e. sufficient for purposes of ordinary conversation) in *at least one* other official language. In the case of students whose language of choice (or first language) is English or Afrikaans, the conversational language needs to be one of the nine other official languages or South African Sign Language. All Initial Teacher Education qualifications will be endorsed to indicate the holder's level of competence. It may be possible for qualifications to be endorsed with more than one LoLT and more than one conversational language.

Teaching practice:

| | School-Based L | .earning (SBL) | for B Ed degree | S | |
|-------|---|---|--|---|--|
| Phase | 1 st Year | 2 nd Year | 3 rd Year | 4 th Year | |
| | Starting as beginner teacher: | Becoming a student teacher: | Being a student teacher: | Belonging to a community of practice: | |

IP students will be required to observe FP classes (Grades 1-3).

DURATION

The qualification shall extend over four years of full-time study.

Maximum Period of Study:

The maximum period of study allowed for full-time study will be six (6) years.

BACHELOR OF EDUCATION IN SENIOR PHASE AND FURTHER EDUCATION AND TRAINING TEACHING (COMMERCE)

| Qualification code: | 30154 |
|--------------------------------------|-----------------------------|
| Offering: | Full-time South Campus (A1) |
| Aligned NQF Level: | 7 |
| SAQA ID: | 101572 |
| Total NQF Credits for qualification: | 492 to 526 |

THE PURPOSE OF THE LEARNING PROGRAMME

This qualification has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The B Ed SP-FET programme aims to develop graduates as competent, professional teachers, able and committed to the enhancement of education in diverse schools in South Africa and beyond. As such the programme aims to provide student teachers with the required knowledge, understanding and skills to enhance teaching and learning in three school subjects (two FET and one SP subject). The Exit Level Outcomes and the associated assessment criteria are designed to engage with the teacher competencies provided by the Department of Higher Education and Training in the revised MRTEQ (2015).

The B Ed SP-FET Programme has the primary purpose of providing well-rounded teacher education that equips graduates with the required subject content knowledge base; educational theory; and methodology that will enable them to demonstrate competence and responsibility as academic and professionally qualified beginner secondary school teachers (MRTEQ, p20)

The aim of the programme is to equip students with the knowledge, skills and values needed to effectively mediate learning in schools in the Senior Phase and Further Education and Training, specialising in specific secondary school subjects.

The B Ed students should, at the exit level of the programme, embody the following Exit Level Outcomes:

- Critically engage with theoretical knowledge related to philosophy, sociology, history of education, psychology, politics and economics from an educational perspective in socially responsible and humanising ways.
- Demonstrate a clear understanding of specific subject content knowledge in Senior Phase and Further Education and Training.
- Demonstrate the ability to select, organise, design, plan and implement systematic and effective teaching, learning and assessment strategies in different educational contexts in a humanising manner, aligned with national school curriculum specifications and in response to diverse learner needs.
- Demonstrate the ability to coherently integrate in praxis educational theory, pedagogical content knowledge and subject discipline knowledge.
- Demonstrate the ability to teach effectively in English as Language of Learning and Teaching [LOLT].
- Demonstrate conversational competence in Afrikaans and/or isiXhosa.

ARTICULATION

The B Ed SP-FET programme articulates with related qualifications as follows:

<u>Horizontally</u>: On successful completion of the B Ed SP-FET degree, graduates are eligible to enrol for the Advanced Diploma in Education (Level 7) or Advanced Certificate in Teaching (Level 6), should they wish to further strengthen and enhance their existing specialisation, or want to develop a new role of practice to support teaching and learning in a school or in education more broadly.

<u>Vertically:</u> On successful completion of the B Ed SP-FET degree, graduates are eligible to apply for the B Ed Hons (NQF Level 8) or the Postgraduate Diploma in Education (NQF Level 8). The latter after 2-years teaching experience.

ADMISSION REQUIREMENTS

- Minimum NSC statutory requirements for degree entry must be met.
- An applicant with NSC Grade 12 Mathematics requires a minimum Applicant Score of 390.
- NSC achievement rating of at least 50% for English (Home Language or First Additional Language) AND 50% for Afrikaans or isiXhosa (Home Language or First Additional Language).
- Specific minimum NSC subject requirements for FET subject specialisations are outlined in the table below, together with corresponding Mathematics, Mathematical Literacy and Technical Mathematics minimum requirements, where applicable.

| Stream | FET Subject of Specialisation | Minimum Subject Require- ment | Maths Require- ment | Maths Literacy Require- ment | Technical Mathematics Requirement |
|----------|-------------------------------------|--|---------------------------|---------------------------------------|---|
| Commerce | Accounting | 60 | 60 | - | - |
| | Business Studies | 60 | 60 | - | - |
| | Economics | 60 | 60 | - | - |
| | Mathematical Literacy | - | 60 | - | - |
| | Mathematics | 60 | - | - | - |

SELECTION PROCEDURE

Final admission into the programme may be subject to an admission interview in the following cases:

- Where applicants currently enrolled for a particular degree programme want to enrol for the B Ed SP-FET programme.
- Mature students who did not matriculate in the past 5 years.

RE-ADMISSION REQUIREMENTS

In order to be re-admitted to any of the B Ed programmes, a student needs to have accumulated a minimum number of credits at the end of each year of study, as indicated in the table below. If that has not been achieved, the student may either be re-admitted subject to certain conditions or be refused re-admission.

| Period of | 4 year programme | 4 year programme part time (480+ credits) | | | | |
|---------------|------------------|---|---|--|--|--|
| Registration | Continue Studies | Conditional Readmission | No readmission | | | |
| After 1 year | 80+ credits | Less than 80 credits | Not applicable | | | |
| After 2 years | 160+ credits | 120 – 159 credits | Less than 120 credits | | | |
| After 3 years | 240+ credits | 200 – 239 credits | Less than 200 credits | | | |
| After 4 years | 320+ credits | 280 – 319 credits | Less than 280 credits | | | |
| After 5 years | 400+ credits | 360 – 399 credits | Less than 360 credits | | | |
| After 6 years | | | Less than all credits; final year students may be considered if special circumstances exist | | | |

STATUTORY AND OTHER REQUIREMENTS

Students must first register for the failed modules and then for new modules up to a maximum of 130 credits.

The degree shall be obtained by completing the qualification as prescribed by Senate. Unless Senate decides otherwise, the degree shall be awarded *cum laude* if the requirements set out in the General Prospectus have been met.

Class mark:

In order to be admitted to an examination in a module offered in the Faculty of Education, a student must obtain a class (year) mark of at least 40%.

Language Endorsement:

All students should be proficient in the use of *at least one* official language as a Language of Learning and Teaching (LoLT), and partially proficient (i.e. sufficient for purposes of ordinary conversation) in *at least one* other official language. In the case of students whose language of choice (or first language) is English or Afrikaans, the conversational language needs to be one of the nine other official languages or South African Sign Language. All Initial Teacher Education qualifications will be endorsed to indicate the holder's level of competence. It may be possible for qualifications to be endorsed with more than one LoLT and more than one conversational language.

Teaching practice:

| | | Learning (SBL |) for B Ed degree | s |
|-------------------------------|---|--|--|---|
| Phase | 1 st Year | 2 nd Year | 3 rd Year | 4 th Year |
| SP/FET | Starting as beginner teacher: | Becoming a student teacher: | Being a student teacher: | Belonging to a community of practice: |
| | Micro- teaching: view video-taped lessons | 20 Days 2 weeks in January / February | 20 Days 2 weeks in January / February | 72 Days 4 days per week for 10 weeks in 1 st semester |
| | Students to visit schools in different contexts in hometown | 2 weeks in July / August | 2 weeks in July / August | 4 days per week for 8 weeks in 2 nd semester |
| SP/FET studen Grades 7-9). | ts will be required | d to observe IP | and/or SP classes | s (Grades 4-6 and |

Specialisations:

Students will be expected to choose **TWO** FET specialisations and **ONE** related SP specialisation within one of the following streams:

COMMERCE

FET:Accounting, Business Studies, Economics, Mathematics, Mathematical Literacy **SP:**EMS, Mathematics

DURATION

The qualification shall extend over four (4) years of full-time study.

Maximum Period of Study:

The maximum period of study allowed for full-time study will be six (6) years.

BACHELOR OF EDUCATION IN SENIOR PHASE AND FURTHER EDUCATION AND TRAINING TEACHING (HUMANITIES)

| Qualification code: | 30155 |
|--------------------------------------|-----------------------------|
| Offering: | Full-time South Campus (A1) |
| Aligned NQF Level: | 7 |
| SAQA ID: | 101572 |
| Total NQF Credits for qualification: | 490 to 520 |

THE PURPOSE OF THE LEARNING PROGRAMME

This qualification has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The B Ed SP-FET programme aims to develop graduates as competent, professional teachers, able and committed to the enhancement of education in diverse schools in South Africa and beyond. As such the programme aims to provide student teachers with the required knowledge, understanding and skills to enhance teaching and learning in three school subjects (two FET and one SP subject). The Exit Level Outcomes and the associated assessment criteria are designed to engage with the teacher competencies provided by the Department of Higher Education and Training in the revised MRTEQ (2015).

The B Ed SP-FET Programme has the primary purpose of providing well-rounded teacher education that equips graduates with the required subject content knowledge base; educational theory; and methodology that will enable them to demonstrate competence and responsibility as academic and professionally qualified beginner secondary school teachers (MRTEQ, p20)

The aim of the programme is to equip students with the knowledge, skills and values needed to effectively mediate learning in schools in the Senior Phase and Further Education and Training, specialising in specific secondary school subjects.

The B Ed students should, at the exit level of the programme, embody the following Exit Level Outcomes:

- Critically engage with theoretical knowledge related to philosophy, sociology, history of education, psychology, politics and economics from an educational perspective in socially responsible and humanising ways.
- Demonstrate a clear understanding of specific subject content knowledge in Senior Phase and Further Education and Training.
- Demonstrate the ability to select, organise, design, plan and implement systematic and effective teaching, learning and assessment strategies in different educational contexts in a humanising manner, aligned with national school curriculum specifications and in response to diverse learner needs.
- Demonstrate the ability to coherently integrate in praxis educational theory, pedagogical content knowledge and subject discipline knowledge.
- Demonstrate the ability to teach effectively in English/Afrikaans as Language of Learning and Teaching [LOLT].
- Demonstrate conversational competence in Afrikaans /isiXhosa.

ARTICULATION

The B Ed SP-FET programme articulates with related qualifications as follows:

<u>Horizontally:</u> On successful completion of the B Ed SP-FET degree, graduates are eligible to enrol for the Advanced Diploma in Education (Level 7) or Advanced Certificate in Teaching (Level 6), should they wish to further strengthen and enhance their existing specialisation, or want to develop a new role of practice to support teaching and learning in a school or in education more broadly.

<u>Vertically:</u> On successful completion of the B Ed SP-FET degree, graduates are eligible to apply for the B Ed Hons (Level 8) or the Postgraduate Diploma in Education (Level 8). The latter after 2-years teaching experience.

ADMISSION REQUIREMENTS

- Minimum NSC statutory requirements for degree entry must be met.
- An applicant with NSC Grade 12 Mathematics requires a minimum Applicant Score of 390.
- An applicant with NSC Grade 12 Mathematical Literacy or Technical Mathematics requires a minimum Applicant Score of 405.
- NSC achievement rating of at least 50% for English (Home Language or First Additional Language) AND 50% for Afrikaans or isiXhosa (Home Language or First Additional Language) - unless stated differently in table below.
- Specific minimum NSC subject requirements for FET subject specialisations are outlined in the table below, together with corresponding Mathematics, Mathematical Literacy and Technical Mathematics minimum requirements, where applicable

| Stream | FET Subject of Specialisation | Minimum Subject Requirement | Maths Requirement | Maths Literacy Requirement | Technical Mathematics Requirement |
|------------|-------------------------------|-----------------------------------|----------------------|----------------------------------|---|
| Language | Afrikaans | 55 | 45 | 60 | 45 |
| and Social | English | 55 | 45 | 60 | 45 |
| Sciences | Geography | 55 | 60 | - | - |
| | History | 55 | 45 | 60 | 45 |
| | isiXhosa | 55 | 45 | 60 | 45 |

SELECTION PROCEDURE

Final admission into the programme may be subject to an admission interview in the following cases:

- Where applicants currently enrolled for a particular degree programme want to enrol for the B Ed SP-FET programme.
- Mature students who did not matriculate in the past 5 years.

RE-ADMISSION REQUIREMENTS

In order to be re-admitted to any of the B Ed programmes, a student needs to have accumulated a minimum number of credits at the end of each year of study, as indicated in the table below. If that has not been achieved, the student may either be re-admitted subject to certain conditions or be refused re-admission.

| Period of | 4 year programme part time (480+ credits) | | | | |
|---------------|---|----------------------------|-------------------------|--|--|
| Registration | Continue Studies | Conditional Readmission | No readmission | | |
| After 1 year | 80+ credits | Less than 80 credits | Not applicable | | |
| After 2 years | 160+ credits | 120 – 159 credits | Less than 120 credits | | |
| After 3 years | 240+ credits | 200 – 239 credits | Less than 200 credits | | |
| After 4 years | 320+ credits | 280 – 319 credits | Less than 280 credits | | |
| After 5 years | 400+ credits | 360 – 399 credits | Less than 360 credits | | |
| After 6 years | | | Less than all credits; | | |
| | | | final year students may | | |
| | | | be considered if | | |
| | | | special circumstances | | |
| | | | exist | | |

STATUTORY AND OTHER REQUIREMENTS

Students must first register for the failed modules and then for new modules up to a maximum of 130 credits.

The degree shall be obtained by completing the qualification as prescribed by Senate. Unless Senate decides otherwise, the degree shall be awarded *cum laude* if the requirements set out in the General Prospectus have been met.

Class mark:

In order to be admitted to an examination in a module offered in the Faculty of Education, a student must obtain a class (year) mark of at least 40%.

Language Endorsement:

All students should be proficient in the use of *at least one* official language as a Language of Learning and Teaching (LoLT), and partially proficient (i.e. sufficient for purposes of ordinary conversation) in *at least one* other official language. In the case of students whose language of choice (or first language) is English or Afrikaans, the conversational language needs to be one of the nine other official languages or South African Sign Language. All Initial Teacher Education qualifications will be endorsed to indicate the holder's level of competence. It may be possible for qualifications to be endorsed with more than one LoLT and more than one conversational language.

Teaching practice:

| School-Based Learning (SBL) for B Ed degrees | | | | | | | |

| Students to visit schools in different contexts in home town | 2 weeks in July / August | 2 weeks in July / August | 4 days per week for 8 weeks in 2 nd semester |
|--|-----------------------------|-----------------------------|---|
| SP/FET students will be require | d to observe IP | and/or SP classe | s (Grados 1-6 and |

SP/FET students will be required to observe IP and/or SP classes (Grades 4-6 and Grades 7-9).

Specialisations:

Students will be expected to choose **TWO** FET specialisations and **ONE** related SP specialisation within one of the following streams:

HUMANITIES

FET:Afrikaans, English, isiXhosa, Geography, History SP:Afrikaans, English, isiXhosa, Social Science

DURATION

The qualification shall extend over four (4) years of full-time study.

Maximum Period of Study:

The maximum period of study allowed for full-time study will be six (6) years.

BACHELOR OF EDUCATION IN SENIOR PHASE AND FURTHER EDUCATION AND TRAINING (SCIENCE)

| Qualification code: | 30156 |
|--------------------------------------|-----------------------------|
| Offering: | Full-time South Campus (A1) |
| Aligned NQF Level: | 7 |
| SAQA ID: | 101572 |
| Total NQF Credits for qualification: | 490 to 520 |

THE PURPOSE OF THE LEARNING PROGRAMME

This qualification has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The B Ed SP-FET programme aims to develop graduates as competent, professional teachers, able and committed to the enhancement of education in diverse schools in South Africa and beyond. As such the programme aims to provide student teachers with the required knowledge, understanding and skills to enhance teaching and learning in three school subjects (two FET and one SP subject). The Exit Level Outcomes and the associated assessment criteria are designed to engage with the teacher competencies provided by the Department of Higher Education and Training in the revised MRTEQ (2015).

The B Ed SP-FET Programme has the primary purpose of providing well-rounded teacher education that equips graduates with the required subject content knowledge base; educational theory; and methodology that will enable them to demonstrate competence and responsibility as academic and professionally qualified beginner secondary school teachers (MRTEQ, p20)

The aim of the programme is to equip students with the knowledge, skills and values needed to effectively mediate learning in schools in the Senior Phase and Further Education and Training, specialising in specific secondary school subjects.

The B Ed students should, at the exit level of the programme, embody the following Exit Level Outcomes:

- Critically engage with theoretical knowledge related to philosophy, sociology, history of education, psychology, politics and economics from an educational perspective in socially responsible and humanising ways.
- Demonstrate a clear understanding of specific subject content knowledge in Senior Phase and Further Education and Training.
- Demonstrate the ability to select, organise, design, plan and implement systematic and effective teaching, learning and assessment strategies in different educational contexts in a humanising manner, aligned with national school curriculum specifications and in response to diverse learner needs.
- Demonstrate the ability to coherently integrate in praxis educational theory, pedagogical content knowledge and subject discipline knowledge.
- Demonstrate the ability to teach effectively in English/Afrikaans as Language of Learning and Teaching [LOLT].
- Demonstrate conversational competence in Afrikaans /isiXhosa.

ARTICULATION

The B Ed SP-FET programme articulates with related qualifications as follows:

<u>Horizontally</u>: On successful completion of the B Ed SP-FET degree, graduates are eligible to enrol for the Advanced Diploma in Education (Level 7) or Advanced Certificate in Teaching (Level 6), should they wish to further strengthen and enhance their existing specialisation, or want to develop a new role of practice to support teaching and learning in a school or in education more broadly.

<u>Vertically:</u> On successful completion of the B Ed SP-FET degree, graduates are eligible to apply for the B Ed Hons (Level 8) or the Postgraduate Diploma in Education (Level 8). The latter after 2-years teaching experience.

ADMISSION REQUIREMENTS

- Minimum NSC statutory requirements for degree entry must be met.
- An applicant with NSC Grade 12 Mathematics requires a minimum Applicant Score of 390.
- NSC achievement rating of at least 50% for English (Home Language or First Additional Language) AND 50% for Afrikaans or isiXhosa (Home Language or First Additional Language).
- Specific minimum NSC subject requirements for FET subject specialisations are outlined in the table below, together with corresponding Mathematics, Mathematical Literacy and Technical Mathematics minimum requirements, where applicable

| Stream | FET Subject of Specialisation | Minimum Subject Requirement | Maths Requirement | Maths Literacy Requirement | Technical Mathematics Requirement |
|-------------|-------------------------------|-----------------------------------|----------------------|----------------------------------|---|
| Natural and | Geography | 55 | 60 | - | - |
| Life | Life Sciences | 60 | 60 | - | - |
| Sciences | Mathematical Literacy | - | 60 | - | - |
| | Mathematics | 60 | - | - | - |
| | Physical | 60 | 60 | - | - |
| | Sciences | | | | |

SELECTION PROCEDURE

Final admission into the programme may be subject to an admission interview in the following cases:

- Where applicants currently enrolled for a particular degree programme want to enrol for the B Ed SP-FET programme.
- Mature students who did not matriculate in the past 5 years.

RE-ADMISSION REQUIREMENTS

In order to be re-admitted to any of the B Ed programmes, a student needs to have accumulated a minimum number of credits at the end of each year of study, as indicated in the table below. If that has not been achieved, the student may either be re-admitted subject to certain conditions or be refused re-admission.

| Period of | 4 year programme part time (480+ credits) | | | |
|---------------|---|-------------------|-------------------------|--|
| Registration | Continue Studies | Conditional | No readmission | |
| | | Readmission | | |
| After 1 year | 80+ credits | Less than 80 | Not applicable | |
| | | credits | | |
| After 2 years | 160+ credits | 120 – 159 credits | Less than 120 credits | |
| After 3 years | 240+ credits | 200 – 239 credits | Less than 200 credits | |
| After 4 years | 320+ credits | 280 – 319 credits | Less than 280 credits | |
| After 5 years | 400+ credits | 360 – 399 credits | Less than 360 credits | |
| After 6 years | | | Less than all credits; | |
| | | | final year students may | |
| | | | be considered if | |
| | | | special circumstances | |
| | | | exist | |

STATUTORY AND OTHER REQUIREMENTS

Students must first register for the failed modules and then for new modules up to a maximum of 130 credits.

The degree shall be obtained by completing the qualification as prescribed by Senate. Unless Senate decides otherwise, the degree shall be awarded *cum laude* if the requirements set out in the General Prospectus have been met.

Class mark:

In order to be admitted to an examination in a module offered in the Faculty of Education, a student must obtain a class (year) mark of at least 40%.

Language Endorsement:

All students should be proficient in the use of *at least one* official language as a Language of Learning and Teaching (LoLT), and partially proficient (i.e. sufficient for purposes of ordinary conversation) in *at least one* other official language. In the case of students whose language of choice (or first language) is English or Afrikaans, the conversational language needs to be one of the nine other official languages or South African Sign Language. All Initial Teacher Education qualifications will be endorsed to indicate the holder's level of competence. It may be possible for qualifications to be endorsed with more than one LoLT and more than one conversational language.

| Teaching | g practice: | | | | | |
|---------------|--|--|--|---|--|--|

| | Micro- teaching: view video-taped lessons | 20 Days 2 weeks in January / February | 20 Days 2 weeks in January / February | 72 Days 4 days per week for 10 weeks in 1 st semester | | |
| | Students to visit schools in different contexts in home town | 2 weeks in July / August | 2 weeks in July / August | 4 days per week for 8 weeks in 2 nd semester | | |
| SP/FET studen | its will be require | d to observe IP | and/or SP classe | es (Grades 4-6 and | | |

Specialisations:

Grades 7-9).

Students will be expected to choose **TWO** FET specialisations and **ONE** related SP specialisation within one of the following streams:

SCIENCE

FET:Life Sciences, Physical Science, Mathematics, Mathematical Literacy, Geography

SP:Mathematics, Natural Science

Students choosing to study Physical Science MUST choose Mathematics as their second FET specialisation.

DURATION

The qualification shall extend over four (4) years of full-time study.

Maximum Period of Study:

The maximum period of study allowed for full-time study will be six (6) years.

ADVANCED DIPLOMAS

ADVANCED DIPLOMA IN TECHNICAL AND VOCATIONAL TEACHING

| Qualification code: | 30010 |
|--------------------------------------|-----------------------------------|
| Offering: | Full-time South Campus (A1) OR |
| | Part-time Missionvale Campus (V2) |
| Aligned NQF Level: | 7 |
| SAQA ID: | 102211 |
| Total NQF Credits for qualification: | 120 |

THE PURPOSE OF THE LEARNING PROGRAMME

This programme has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The Advanced Diploma (TVT), being a professional vocational teaching qualification at NQF level 7 seeks to develop competent TVET college lecturers. This programme is offered to graduates and/or diplomats already in possession of an appropriate and relevant prior qualification, e.g. a bachelor's degree. This advanced diploma requires the candidate to possess specific depth in a specialisation of appropriate, vocationally-orientated knowledge. The purpose of this qualification is to develop and deepen teaching competencies expected of lecturers and trainers in the TVET sector.

On successful completion of this programme, the student will be able to:

- Exhibit and be able to articulate behaviour and attitudes that demonstrate a humanising pedagogical praxis in their professional practice
- Have the ability to identify, analyse, critically reflect on and respond to complex issues as they manifest in the TVET educational context in South Africa
- Be able to make meaningful contributions to disciplinary discourses, based on a critical engagement with contemporary theories in education (e.g. Philosophy, Psychology, Sociology, etc.) to develop a personal philosophy for teaching and learning in the context of TVET
- Develop the attributes of a sustainable developmental practitioner in education by being cognizant of the seventeen Sustainable Development Goals as defined in Transforming Our World (United Nations, 2015)
- Explore and examine his/her own identity and the intersect of vocational educator identity with reference to professional values, ethical conduct, justifiable decision-making and leadership
- Engage in pedagogic practices to integrate theory and practice, based on an indepth understanding of his/her subject specialisation, based on the context and the diverse needs of their learners
- Employ assessment methods in varied, valid and reliable ways, and provide constructive feedback to promote learning

• Engage in an inquiry-based approach to create new knowledge and problemsolving strategies to benefit both classroom and workplace/industry experience

Articulation Possibilities:

Vertical progression may be through the Post-Graduate Diploma in Technical and Vocational Education and Training, after which the student may continue into the Master of Education degree and a Doctorate then becomes possible.

ADMISSION REQUIREMENTS

The minimum admission requirement is an appropriate 360-credit, NQF Level 6 undergraduate diploma or bachelor degree, which includes sufficient disciplinary (subject content) learning in cognate (i.e., similar, related), appropriate academic fields to enable lecturing a technical or vocational subject or field as taught in institutions offering TVET programmes. The disciplinary knowledge (or a substantial part thereof) must have been studied at the exit level of the entry qualification.

On entry to the programme, students will be assessed (using benchmark tests) on their ability to demonstrate adequate proficiency in academic literacies (LOLT, conversational proficiency in an official African language, numeracy skills and basic ICT skills). If the student lacks proficiency in these literacies stated here, she/he will have to enrol for additional modules to develop these literacies. It should be noted that credits from these modules may not form part of the 120 credits for this qualification.

SELECTION PROCEDURE

Where disciplinary subject knowledge is insufficient, additional learning units/modules/courses may be required before the student may register for this qualification. A selection panel may be constituted to determine suitability of candidates.

DURATION

The qualification shall extend over at least one (1) year full-time study or two (2) years of part-time study.

Maximum Period of Study:

The maximum period of study allowed for full-time study will be three (3) years and for part-time study four (4) years.

THE PURPOSE OF THE LEARNING PROGRAMME

This programme has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The FET PGCE, as one-year professional teaching qualification that "caps" an undergraduate degree (MRTEQ, 2011), aims to develop graduates and diplomates as competent, professional teachers able and committed to the enhancement of education in diverse high schools in South Africa and beyond. As such the programme aims to provide student teachers with the required knowledge, understanding and skills to enhance teaching and learning in two school subjects (two FET subjects). The Exit Level Outcomes and the associated assessment criteria are designed to engage with the teacher competencies provided by the Department of Education in the MRTEQ of 2011.

The PGCE students should, at the exit level of the programme, embody the following Exit Level Outcomes:

- Critically engage with disciplinary educational knowledge literature and discourses related to philosophy, sociology, history of education, psychology, politics and economics from an educational perspective in social responsible humanising ways
- Demonstrate the ability to organise, design, plan and implement systematic and effective teaching, learning and assessment in different educational contexts in a humanising manner pertaining to national school curriculum specifications at school based level.
- Demonstrate sound methodological and subject specific curriculum knowledge, skills, attitudes and values to facilitate effective teaching, learning and assessment in school related subjects in a humanising manner by coherently integrating educational theory, curriculum theory, subject discipline knowledge, teaching strategies and self-identity
- Demonstrate the ability to teach effectively in English as Language of Learning and Teaching [LOLT]
- Demonstrate conversational competence in isiXhosa

The PGCE articulates with related qualifications as follows:

- <u>Horizontally</u>: On successful completion of the PGCE, graduates are eligible to enrol for the Advanced Diploma in Education at NQF Level 7, should they wish to further strengthen and enhance their existing specialisation, or want to develop a new role of practice to support teaching and learning in a school or in education more broadly.
- <u>Vertically:</u> On successful completion of the PGCE, graduates are eligible to apply for the B Ed Hons or the Postgraduate Diploma (NQF Level 8)

ADMISSION REQUIREMENTS

An approved Bachelor's degree at NQF Level 7 or 8, which includes appropriate and sufficient disciplinary knowledge to teach at least TWO school subjects for the FET phase of schooling (NQF Level 7 or 8).

SELECTION PROCEDURE

The requirements for the structure of the qualification, which precedes the Certificate, are as follows:

- The qualification must include at least two sets of modules in two approved school subjects: The selected subjects will be offered on condition of the minimum class size agreed upon by the Faculty.
- For Schooling these sets needs to be at least at NQF Level 7 for Further Education and Training (FET) purposes.
- A candidate shall offer two school subjects at FET level.
- A teaching method for a FET school subject should follow an appropriate academic field of study at NQF Level 7.
- Final admission into the programme may be subject to an admission interview, especially in cases where the above-mentioned qualifications were not obtained in recent years. This is to obtain an overview of the student's existing subject content knowledge.

RE-ADMISSION REQUIREMENTS

In order to be readmitted to the PGCE programme, a student needs to have accumulated a minimum number of credits at the end of each year of study, as indicated in the table below. If that has not been achieved, the student may either be readmitted subject to certain conditions or be refused re-admission.

| Period of | 1-year Programme Full-time (120+ credits) | | | |
|---------------|---|------------------------------|--|--|
| Registration | Continue studies | Conditional re- admission | No re-admission | |
| After 1 year | 90+ credits | 60 – 90 credits | Less than 60 credits. | |
| After 2 years | 105+ credits | 90 – 105 credits | Less than 90 credits. | |
| After 3 years | | | Less than all credits; exception may be considered if special circumstances exist. | |

Full-time Students

STATUTARY AND OTHER REQUIREMENTS

- The Certificate shall not be awarded to students until they have complied with the requirements regarding the official languages.
- Computer literacy equal to the outcomes of the Nelson Mandela University module WRO131. This level of competence will be assessed with a standardised diagnostic test prior to admission. (A student who does not satisfy this requirement may be allowed by the Dean to register concurrently as an occasional student for WRO131.)
- The certificate shall be obtained by completing the qualification as prescribed by Senate. Unless Senate decides otherwise, the degree shall be awarded *cum laude* if the requirements set out in the General Prospectus have been met.
- The Certificate shall not be awarded to students until they have complied with the requirements pertaining to the number of school based learning days at school not completed

Professional learning:

Pre-service students shall undertake teaching practice as stipulated in the Professional Learning Guide. Formal teaching practice, at schools in the Nelson Mandela Metropole, during two separate blocks from Monday to Friday. Each block consists of six to seven weeks (7 weeks during Semester One, 6 weeks during Semester Two).

Candidates who have not attained a satisfactory standard in teaching practice shall again register at the University in order either to attend a prescribed programme at local schools or to teach as an unqualified teacher for such a period as Senate may determine, after which they shall again be examined.

Examination:

All PGCE modules are 100% continuous assessment modules.

Year mark:

All PGCE modules are 100% continuous assessment modules.

Language endorsement:

All students should be proficient in the use of at least one official language as a language of learning and teaching (LOLT) – English at the Nelson Mandela University and partially proficient (i.e. sufficient for purposes of ordinary conversation) in isiXhosa.

DURATION

The qualification shall extend over at least one (1) year of full-time study or two (2) years of part-time study.

Maximum Period of Study:

The maximum period of study allowed for full-time study will be three (3) years and for part-time study four (4) years.

THE PURPOSE OF THE LEARNING PROGRAMME

This programme has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The SP-FET PGCE, as one year professional teaching qualification that "caps" an undergraduate degree (MRTEQ, 2011), aims to develop graduates and diplomates as competent, professional teachers able and committed to the enhancement of education in diverse high schools in South Africa and beyond. As such the programme aims to provide student teachers with the required knowledge, understanding and skills to enhance teaching and learning in two school subjects (one FET and one SP subject). The Exit Level Outcomes and the associated assessment criteria are designed to engage with the teacher competencies provided by the Department of Education in the MRTEQ of 2011.

The PGCE students should, at the exit level of the programme, embody the following Exit Level Outcomes:

- Critically engage with disciplinary educational knowledge literature and discourses related to philosophy, sociology, history of education, psychology, politics and economics from an educational perspective in social responsible humanising ways.
- Demonstrate the ability to organise, design, plan and implement systematic and effective teaching, learning and assessment in different educational contexts in a humanising manner pertaining to national school curriculum specifications at school based level.
- Demonstrate sound methodological and subject specific curriculum knowledge, skills, attitudes and values to facilitate effective teaching, learning and assessment in school related subjects in a humanising manner by coherently integrating educational theory, curriculum theory, subject discipline knowledge, teaching strategies and self-identity.
- Demonstrate the ability to teach effectively in English as Language of Learning and Teaching [LOLT].
- Demonstrate conversational competence in isiXhosa.

The PGCE articulates with related qualifications as follows:

- <u>Horizontally:</u> On successful completion of the PGCE, graduates are eligible to enrol for the Advanced Diploma in Education at NQF Level 7, should they wish to further strengthen and enhance their existing specialisation, or want to develop a new role of practice to support teaching and learning in a school or in education more broadly.
- <u>Vertically:</u> On successful completion of the PGCE, graduates are eligible to apply for the B Ed Hons or the Postgraduate Diploma (NQF Level 8)

ADMISSION REQUIREMENTS

An approved Bachelor's degree at NQF Level 7 or 8, which includes appropriate and sufficient disciplinary knowledge to teach at least ONE school subject for the FET phase of schooling (NQF Level 7 or 8) and ONE school subject for the GET phase of schooling.

SELECTION PROCEDURE

The requirements for the structure of the qualification, which precedes the Certificate, are as follows:

- The qualification must include at least two sets of modules in two approved school subjects: The selected subjects will be offered on condition of the minimum class size agreed upon by the Faculty.
- For Schooling ONE set needs to be at least at NQF Level 7 for Further Education and Training (FET) purposes and ONE set needs to be at least at NQF Level 6 for Senior Phase (GET) purposes.
- A candidate shall offer one school subject at FET level and one school subject at GET level
- A teaching method for a FET school subject should follow an appropriate academic field of study at NQF Level 7.
- A teaching method for a GET school subject should follow an appropriate academic field of study at NQF Level 6.
- Final admission into the programme may be subject to an admission interview, especially in cases where the above-mentioned qualifications were not obtained in recent years. This is to obtain an overview of the student's existing subject content knowledge.

RE-ADMISSION REQUIREMENTS

In order to be readmitted to the PGCE programme, a student needs to have accumulated a minimum number of credits at the end of each year of study, as indicated in the table below. If that has not been achieved, the student may either be readmitted subject to certain conditions or be refused re-admission.

| Deried of | 1-year Programme Full-time (120+ credits) | | | |
|---------------------------|---|------------------------------|--|--|
| Period of Registration | Continue studies | Conditional re- admission | No re-admission | |
| After 1 year | 90+ credits | 60 – 90 credits | Less than 60 credits. | |
| After 2 years | 105+ credits | 90 – 105 credits | Less than 90 credits. | |
| After 3 years | | | Less than all credits; exception may be | |

Full-time Students

| | considered | if | special |
|--|---------------|--------|---------|
| | circumstances | exist. | |

STATUTARY AND OTHER REQUIREMENTS

- The Certificate shall not be awarded to students until they have complied with the requirements regarding the official languages.
- Computer literacy equal to the outcomes of the Nelson Mandela University module WRO131. This level of competence will be assessed with a standardised diagnostic test prior to admission. (A student who does not satisfy this requirement may be allowed by the Dean to register concurrently as an occasional student for WRO131.)
- The certificate shall be obtained by completing the qualification as prescribed by Senate. Unless Senate decides otherwise, the degree shall be awarded *cum laude* if the requirements set out in the General Prospectus have been met.
- The Certificate shall not be awarded to students until they have complied with the requirements pertaining to the number of school based learning days at school not completed.

Professional learning:

Pre-service students shall undertake teaching practice as stipulated in the Professional Learning Guide. Formal teaching practice, at schools in the Nelson Mandela Metropole, during two separate blocks from Monday to Friday. Each block consists of six to seven weeks (7 weeks during Semester One, 6 weeks during Semester Two).

Candidates who have not attained a satisfactory standard in teaching practice shall again register at the University in order either to attend a prescribed programme at local schools or to teach as an unqualified teacher for such a period as Senate may determine, after which they shall again be examined.

Examination:

All PGCE modules are 100% continuous assessment modules.

Year mark:

All PGCE modules are 100% continuous assessment modules.

Language endorsement:

All students should be proficient in the use of *at least one* official language as a language of learning and teaching (LOLT) – English at the Nelson Mandela University and partially proficient (i.e. sufficient for purposes of ordinary conversation) in isiXhosa.

DURATION

The qualification shall extend over at least one (1) year of full-time study OR two (2) years of part-time study.

Maximum Period of Study:

The maximum period of study allowed for full-time study will be three (3) years and for part-time study four (4) years.

THE PURPOSE OF THE LEARNING PROGRAMME

This programme has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The PGD is intended to develop an innovative, competent and reflective instructional leader who, within the field of Educational Leadership and Management has the capacity and agency to effect significant change in the South African education system, [and that], the following instructional leadership characteristics will be addressed in this programme:

- Apply leadership knowledge and practices that promote quality teaching and learning;
- Make decisions and take actions that are framed within the South African legal framework;
- Be aware of current educational debates and translate those into practice
- Manage school resources;
- Act as change agents and have the ability to address context-specific challenges in the school system.

On completion of this programme the student will be able to:

- Construct critically reflective and reflexive understandings of contemporary theories in Education in general, and in the field of Educational Leadership and Management, in particular;
- Employ specialised theoretical knowledge in the field of educational leadership and management;
- Establish the connections between conceptual, theoretical and experiential knowledge/s.
- Develop professional learning communities and display reflexive practices as the leader in a school context; and
- Conduct action research to inform leadership and management.

The PGD articulates with related qualifications as follows:

- Horizontal: N/A
- <u>Vertical:</u> $PGD \rightarrow MEd \rightarrow PhD \rightarrow Post-doctoral studies$

Articulation from PGD to MEd is on completion of the research module offered in the BEd(Hon) programme.

ADMISSION REQUIREMENTS

Unless Senate decides otherwise, candidates qualify for admission if they are in possession of a full qualification on, or equivalent to, NQF Level 7, as stipulated below:

- Four Year BEd Degree **OR**
- Three-year appropriate Bachelor's degree (e.g. BSc) plus an Advanced Diploma in Teaching (or a recognised professional teaching qualification), **OR**
- A former postgraduate professional teaching qualification (for example, PGCE).
- In addition
 - the candidate should have passed their undergraduate programmes or PGCE with an aggregate of 60%. AND
 - a minimum of 2 years of teaching experience will be required of teachers wanting to pursue a PGD qualification.

SELECTION PROCEDURE

In order to be admitted, candidates will be selected in terms of a procedure decided upon by the faculty.

RE-ADMISSION REQUIREMENTS

In order to be re-admitted to the PGDip programme, a student needs to have accumulated a minimum number of credits at the end of each year of study, as indicated in the tables below. If that has not been achieved, the student may either be re-admitted subject to certain conditions or be refused re-admission.

| Period of | 2 years progra | 2 years programme part time (120 credits) | | | | |
|---------------|---------------------|---|---|--|--|--|
| Registration | | | | | | |
| | Continue Studies | Conditional Readmission | No readmission | | | |
| After 1 year | 50+ credits | 30-50 credits | Less than 30 credits | | | |
| After 2 years | 90+ credits | 60-90 credits | Less than 60 credits | | | |
| After 3 years | 110+ credits | 90-110 credits | Less than 90 credits | | | |
| After 4 years | | | Less than all credits; exception may be considered if special circumstances exist. | | | |

Part Time Students

STATUTARY AND OTHER REQUIREMENTS

The qualification shall be obtained by completing 9 modules as prescribed by Senate.

Examination:

- The final examination in the modules prescribed shall be held at the end of the relevant semester.
- Unless Senate decides otherwise, a candidate shall retain credit for a module for a maximum of 5 years.

The modules in each year are offered on a rotational basis every second (2nd) year.

DURATION

The curriculum shall extend over a period of two (2) academic years of part-time study.

Maximum Period of Study:

The maximum period of study allowed for full-time study will be four (4) years.

THE PURPOSE OF THE LEARNING PROGRAMME

This programme has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The purpose of the BEd Honours Programme in Educational Psychology is to prepare students for research-based postgraduate studies in Educational Psychology. It is designed to consolidate and deepen a student's knowledge and to develop research capacity in the methodology and techniques of the field. It is envisaged that this programme would develop an innovative, socially responsible, reflective and reflexive researcher who is able to demonstrate a critical understanding of contemporary, historical and socio-political issues as well as scholarly research in Educational Psychology. In addition, the student will be equipped to read and write critically and to design and implement a research process relevant to the field of study. Hence, the Exit Level Outcomes and the associated assessment criteria are designed to prepare students for a high level of theoretical engagement and intellectual independence to engage with the issues and challenges in school Educational Psychology.

On successful completion of the programme, the students will be able to:

- Reflect critically on contemporary theories in Education in general, and in the field of Educational Psychology, in particular;
- Engage in disciplinary discourses related to contextual issues in socially responsible ways;
- Identify and compare various research paradigms and methodologies;
- Conduct independent research/inquiry in Educational Psychology culminating in a research treatise.

The BEd Honours articulates with related qualifications as follows:

- Horizontal: N/A
- <u>Vertical</u>: BEd Honours \rightarrow MEd \rightarrow PhD \rightarrow Post-doctoral studies

ADMISSION REQUIREMENTS

Unless Senate decides otherwise, candidates qualify for admission if they are in possession of a full qualification on, or equivalent to, NQF Level 7, as stipulated below:

- Four Year BEd Degree **OR**
- Three-year appropriate Bachelors degree (e.g. BSc) plus an Advanced Diploma in Teaching (or a recognised professional teaching qualification), **OR**
- A former postgraduate professional teaching qualification (for example, PGCE).
- In addition:
 - the candidate should have passed in their four-year BEd degree programme at least two modules in Educational Psychology at the second year level with an aggregate of 60% OR
 - those with a PGCE qualification should have passed with an aggregate of 60% in a minimum of two Educational Psychology modules and should have the requisite technology skills (basic computer literacy skills) to be successful in this programme.
 - A pre-admission process will require students to demonstrate literacy skills with respect to critical reading and writing to enable them to engage in research prior to their entry into the programme. For example, during the initial induction/orientation of the programme the candidates may be asked to write an abstract for a published research article. The abstract written by the candidate is then assessed against the original abstract. If the candidates are found to be lacking in the basic required literacy and technology skills, then appropriate SLPs as extended support will be recommended.

SELECTION PROCEDURE

In order to be admitted, candidates will be selected in terms of a procedure decided upon by the faculty

RE-ADMISSION REQUIREMENTS

In order to be re-admitted to the BEd (Hon) programme, a student needs to have accumulated a minimum number of credits at the end of each year of study, as indicated in the tables below. If that has not been achieved, the student may either be re-admitted subject to certain conditions or be refused re-admission.

| Period of Registration | 2-years progra | 2-years programme part time (120 credits) | | | |
|---------------------------|---------------------|---|---|--|--|
| | Continue Studies | Conditional Readmission | No readmission | | |
| After 1 year | 50+ credits | 30-50 credits | Less than 30 credits | | |
| After 2 years | 90+ credits | 60-90 credits | Less than 60 credits | | |
| After 3 years | 110+ credits | 90-110 credits | Less than 90 credits | | |
| After 4 years | | | Less than all credits; exception may be considered if special circumstances exist. | | |

Part Time Students

STATUTARY AND OTHER REQUIREMENTS

The qualification shall be obtained by completing 7 modules as prescribed by Senate.

Examinations:

- The final examination in the modules prescribed shall be held at the end of the relevant semester.
- Unless Senate decides otherwise, a candidate shall retain credit for a module for a maximum of 5 years.

The modules in each year are offered on a rotational basis every second (2nd) year.

DURATION

The curriculum shall extend over a period of two (2) academic years of part-time study.

Maximum Period of Study:

The maximum period of study allowed for full-time study will be four (4) years.

CURRICULUM (Part-time)

| Offering: | Full-time South Campus (A1) OR | | |
| | Part-time South Campus (A2) | | |
| Aligned NQF Level: | 9 | | |
| Total NQF Credits for qualification: | 120 | | |

THE PURPOSE OF THE LEARNING PROGRAMME

The programme is actively focused on research and its outcome is a research report in the form of a dissertation. The dissertation is based on original research conducted by the student on a topic related to current issues in education. The dissertation must demonstrate competence in preparing a research proposal, conducting a literature review, applying appropriate research methodologies, interpreting and analysing data, developing and formulating arguments, critically reflecting on research methodologies as well as theories relevant to the particular field of study, proposing recommendations based on the research and communicating research results in a scholarly form. The research is conducted under the supervision of an appropriately qualified and experienced academic over a minimum period of one year and a maximum period of four years.

ADMISSION REQUIREMENTS

Unless Senate decides otherwise, candidates qualify for admission if they are in possession of a full qualification on, or equivalent to NQF Level 8. Candidates shall be admitted to the study programme for the degree of Master of Education only if they have:

- the degree Bachelor of Education Honours **OR**
- an appropriate Honours degree (on NQF Level 8).

SELECTION PROCEDURE

Admission will be based on a Departmental selection process.

STATUTARY AND OTHER REQUIREMENTS

The degree shall be conferred on the successful completion of a dissertation (see General Prospectus).

DURATION

The programme shall extend over at least one academic year of full-time study or at least two academic years of part-time study with a maximum period of three years of full-time study or four years of part-time study.

CURRICULUM (Full-time)

| | | Presented | Module Code | Credit Value | |
|--------------------|-----------------------------------|-----------|----------------|-----------------|--|
| Compulsory module: | | | | | |
| | Research project and dissertation | Year | PMED550 | 120 | |

DOCTORAL DEGREES

DOCTOR OF PHILOSOPHY (EDUCATION) (RESEARCH)

| Qualification code: | 31011 | |
|--------------------------------------|--------------------------------|--|
| Offering: | Full-time South Campus (A1) OR | |
| | Part-time South Campus (A2) | |
| Aligned NQF Level: | 10 | |
| Total NQF Credits for qualification: | 240 | |

THE PURPOSE OF THE LEARNING PROGRAMME

This programme has been approved in terms of the new Higher Education Qualification Sub-Framework (HEQSF).

The programme is actively focused on research and its outcome is a research report in the form of a thesis. The thesis is based on original research conducted by the student on a topic related to cutting-edge issues in education and must make an original and significant contribution to the education body of knowledge. The thesis must demonstrate competence in preparing a research proposal, conducting a literature review, applying appropriate research methodologies, interpreting and analysing data, developing and formulating arguments, critically reflecting on research methodologies as well as theories relevant to the particular field of study, proposing significant recommendations based on the research and communicating research results in a scholarly form. The research is conducted under the supervision of an appropriately qualified and experienced academic over a minimum period of two years and a maximum period of six years.

ADMISSION REQUIREMENTS

Unless Senate decides otherwise, candidates shall be admitted to the qualification for the degree of Doctor of Philosophy (Education) only if they have:

- the degree Master of Education or
- an appropriate Master's degree.

SELECTION PROCEDURE

Admission will be based on a Departmental selection process.

STATUTARY AND OTHER REQUIREMENTS

The degree shall be awarded on the successful completion of a thesis and a publishable article based on the thesis (see General Prospectus).

DURATION

The programme shall extend over a minimum of two academic years of full-time study and a maximum of four years of full-time study or six years of part-time study.

CURRICULUM (Full-time)

| | Presented | Module Code | Credit Value | | |
|-----------------------------|-----------|----------------|-----------------|--|--|
| Compulsory module: | | | | | |
| Research project and thesis | Year | PDEC600 | 240 | | |
